

SPOIL ANOTHER MONUMENT.

Coroners Broken from Sixth New Jersey's Shaft at Gettysburg.

GETTYSBURG, Pa., March 7.—Another monument on the battlefield, that of the Sixth New Jersey Regiment, was found today to have suffered at the hands of the vandals who visited the historic ground on Tuesday night. The monument is a large shaft located in the Valley of Death. Chips were broken from the corners and the memorial was badly defaced. This is the ninth one that has suffered.

Gassy Stomach Endangers the Heart

Gas and Other Forms of Indigestion Are Quickly Relieved by Stewart's Dyspepsia Tablets.

Indigestion food forms gas in the stomach, which causes the walls of that organ to expand and press against the heart. If this pressure should be allowed to become heavy it might result very seriously, as the heart must be kept perfectly free in order to perform its duties.

If the stomach is overworked, its muscles become tired and gradually grow weaker and weaker, until they are unable to take care of the food properly. The glands fail to provide the juices necessary to digest the food. Gases form and cause all sorts of pain, misery and distress, as well as extreme danger to the heart.

It is then that the stomach calls for help. Ordinary medicines are impossible. They not only fail to help the stomach, but injure the entire system. Medical men have studied the stomach and have discovered that the digestive juices consist largely of pepsin, hydrochloric acid and nitrogenous ferments. What, then, would be more natural than to supply these properties artificially when the stomach is unable to produce them?

Just is the object of Stewart's Dyspepsia Tablets. These powerful little agents relieve the stomach of its burden, thereby giving it an opportunity to regain its normal strength. They tone up, strengthen and regulate the secretory glands, mucous membranes, absorbing glands and muscular walls. They restore to the stomach its lost powers of digestion so that it can again do its work without assistance. They contain, in a concentrated form, every element necessary to digest all sorts of food, whether acid or alkaline.

If you experience an oppressive feeling just inside the lower end of your breastbone and extending upward toward your heart, do not hesitate an instant. Get Stewart's Dyspepsia Tablets from the nearest druggist at once and take one. In a few minutes the pain will leave you and you will feel better. Take a tablet after each meal for several days and your stomach will once more perform its duties. All druggists sell them at 50c a box.

ONE YEAR FOR KILLER, SAME FOR "GUN TOTER" IN JUSTICE'S BALANCE

Eight Guilty Offenders Disposed of in Court of General Sessions.

Eight malefactors, convicted of various offenses, were disposed of yesterday by the Judges of the Court of General Sessions. They were:

BY JUDGE MULQUEEN.

George Simon, twenty-two years old, of No. 43 West Ninth street, pleaded guilty of grand larceny. Stole three dozen pairs of silk gloves from store, No. 163 Third avenue. First offense. Sentence suspended. To be deported.

Lockwood Smith, twenty-three years old, negro, of No. 39 Summit avenue, Brooklyn, pleaded guilty of grand larceny; stole clothing valued at \$100 from employer, J. Corday & Co. First offense. Penitentiary, six months.

BY JUDGE SWANN.

John Trayner, twenty-six years old, of No. 187 Third street, indicted for manslaughter. Pleading guilty of assault. Killed William Norton in a quarrel over a woman. Second offense. Penitentiary, one year.

BY JUDGE O'SULLIVAN.

Oreste Colonello, twenty-two years old, of No. 36 East One Hundred and Fifteenth street, pleaded guilty of assaulting Solomon Chester of No. 135 Moore street, Brooklyn, with a poker. First offense. Sentence suspended.

PERRY FLAGSHIP RAISED: SUNK NEARLY CENTURY AGO.

Historic Vessel's Timbers Still in Good Condition, and She Will Be Reconstructed.

ELER, Pa., March 7.—Commodore Perry's old flagship, the Niagara, which for almost a century has rested at the bottom of Lake Erie, was raised to the surface yesterday.

Four big chains had been placed beneath the hull, which is 110 feet long, and with a grinding and creaking as though the ice covering of the bay was breaking up, it was lifted through a huge opening that had been cut in the ice.

Pontons were placed beneath the old warship, and as soon as a channel could be cut through the ice it will be towed to this city. The timbers were found to be in a good state of preservation, and it is expected no difficulty will be encountered in its reconstruction.
